##### Freelance

- Created visual content, including promotional videos, images for businesses to enhance their digital presence.
- Collaborated with clients to understand their brand needs and develop social media strategies.
- Managed multiple projects simultaneously, aligning with each brand's voice and marketing objectives.

### PROFILE

Transitioning from a successful career in fashion to software development has been a natural progression in fulfilling my passion for technology. Through self-study and completing a software development bootcamp I've developed a strong foundation in web development and programming principles. I am driven by continuous learning and problem-solving, eager to apply my skills in a dynamic environment.

### SKILLS

- JavaScript
- ReactJS
- Git
- API Intergration
