- Collaborated with international agency teams, requiring adaptability and quick learning.
- Managed personal scheduling, travel, and logistics, ensuring productivity across multiple countries and time zones.
- Demonstrated the ability to thrive in dynamic environments, balancing multiple priorities under pressure.
- Adapted to the evolving fashion industry, learning new trends quickly to meet client expectations

STUDIO ASSISTANT, LONDON

Femme Fatale Tattoo

- Coordinated with external partners and maintained inventory, demonstrating attention to detail and organisational skills.
- Created social media content and managed customer queries, honing creativity and customer engagement.

CONTENT CREATOR

Freelance

- Created visual content, including promotional videos, images for businesses to enhance their digital presence.
- Collaborated with clients to understand their brand needs and develop social media strategies.
- Managed multiple projects simultaneously, aligning with each brands voice and marketing objectives.

PROFILE

Transitioning from a successful career in fashion to software development has been a natural progression in fulfilling my passion for technology. Through self-study and completing a software development bootcamp I've developed a strong foundation in front-end development and programming principles. I am driven by continuous learning and problem-solving, eager to apply my skills in a dynamic environment.

SKILLS

- JavaScript
- Git
- Tailwindcss
- Web Design
- SQL

- ReactJS
- API Intergration
- Python
- Content Creation
- HTML & CSS

EDUCATION

SOFTWRAE DEVELOPMENT, JUST IT   2024

Completed a 3-month intensive software development bootcamp, covering front-end technologies, problem-solving techniques, and best practices in web development.

SELF LEARNING

Codecademy - Create a front end app with React
